

MS LUBE 4T ACTVO

API SL, JASO MA2, SAE 20W-40 (Semi Synthetic)

DESCRIPTION

MS LUBE 4T Semi Synthetic is synthetic engine oil for all high performance 4 stroke two wheelers. MS LUBE 4T Semi Synthetic is advanced, premium quality engine oil specially designed to provide excellent sealing at piston ring area thus improving the power.

MS LUBE Semi Synthetic is a synthetic premium engine oil with advanced additive technology to deliver excellent performance in modern vehicles meeting BS VI norms.

APPLICATION

- Air and liquid-cooled four-stroke motorcycle engines
- Motorcycles with exhaust catalytic converters
- Suitable for all motorcycle engines, both carburettor and fuel injected where API SL or below And JASO MA and MA 2 are recommended.

PERFORMANCE STANDARDS

- API SL
- JASO MA2

BENEFITS

- High viscosity index providing a smooth flow at low temperatures and maximum protection for high Performance Engines.
- Lower deposits indicating good oxidation stability and cleaner engine parts at high temperatures.
- Better oxidation resistance, lower oxidative oil thickening, higher oil life.
- Superior oxidation resistance – Longer Oil life.
- Good wear control – Protection of valve train & gear interface

KEY PROPERTIES

SAE GRADES	20W-40
Kinematic Viscosity @ 100°C (mm ² /s)	15.0
Kinematic Viscosity @ 40°C (mm ² /s)	130.9
Viscosity Index	130
Pour Point (°C)	-24
Flash Point (°C, COC)	240
TBN, mg KOH/g (ASTM 2896)	7.3

This bulletin was prepared in good faith from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. Produced by MS PLUS LUBE PVT.LTD
